PROFESSIONAL SUMMARY

High-performing Bachelor of Computer Applications (Honours) student at Brainware University with an exceptional academic record (CGPA 9.40/10) and an active **AWS Certified Cloud Practitioner** qualification. Combines formal academic learning with rigorous hands-on enterprise-level cloud training via the **AWS re/Start program**. Possesses robust experience across 30+ comprehensive AWS environments alongside professional full-stack deployment competencies. Adept at building production-grade web backends, automated serverless pipelines, and infrastructure-as-code templates. Eager to excel in demanding Cloud Engineer, DevOps, or Software Developer roles.

TECHNICAL SKILLS

Cloud Infrastructure:	Amazon Web Services (EC2, S3, VPC, IAM, Lambda, API Gateway, CloudFormation, RDS, DynamoDB, Aurora, CloudWatch, CloudTrail, Auto Scaling, Route 53, Elastic Beanstalk)
DevOps & Systems:	Git, Bash Shell Scripting, Linux Administration (Amazon Linux AMI), AWS CLI, Automated Provisioning, Network Hardening, IAM Best Practices, Systems Manager, Postman
Core Programming:	Python, JavaScript (ES6+), Java (OOP, Multithreading, Collections), C Language
Web & Database:	Node.js, Express.js, React.js, HTML5, CSS3, REST APIs, MongoDB, MySQL
AI / Machine Learning:	Amazon Bedrock (Generative AI & Prompt Engineering), Amazon SageMaker (Model Training)

PROFESSIONAL EXPERIENCE

Amazon Web Services (AWS) via Don Bosco Society	January 2026 – Present
<i>Cloud Trainee (AWS re/Start Program)</i>	<i>Remote / India</i>
• Infrastructure Automation: Engineered and delivered structural AWS environment patterns using CloudFormation IaC templates (YAML/JSON), building and configuring repeatable stacks to eliminate manual drift. • Secure Cloud Networking: Designed custom Virtual Private Clouds (VPC) implementing public/private isolation, Internet Gateways, NAT routing tables, Security Groups, and granular Network Access Control Lists (NACLs). • Serverless & Event-Driven Systems: Built scalable serverless microservices by creating decoupled AWS Lambda backend instances mapped seamlessly behind RESTful endpoints via Amazon API Gateway. • Cloud Monitoring & Auditing: Configured operational health architectures utilizing Amazon CloudWatch performance metrics and alarms alongside enterprise security auditing via AWS CloudTrail logs. • High Availability Engineering: Architected fault-tolerant systems using Elastic Load Balancing (ELB) combined with automated Auto Scaling policies and Route 53 DNS failover routing routines.	

SELECTED PROJECTS

- **System Architecture:** Conceptualized, structured, and deployed a robust university cafeteria order orchestration application built comprehensively from scratch using Node.js, Express, React.js, MongoDB, and MySQL.
- **Access Security:** Implemented robust end-to-end JSON Web Token (JWT) customer authentication profiles mapped directly to administrative dashboards via secure Role-Based Access Controls (RBAC).
- **Financial Integration:** Integrated Razorpay online payment processing services directly into checkout routines, successfully mitigating human accounting overheads and optimizing institutional cashflows.

EDUCATION

Brainware University	Kolkata, West Bengal
Bachelor of Computer Applications – BCA (Honours) CGPA: 9.40 / 10.00	2023 – 2027 (Ongoing)
Relevant Coursework: Cloud Computing, DBMS, Data Structures, Computer Networks, Object-Oriented Technologies	
Hatthuba Adarsha Bidyapith (WBCHSE) • Higher Secondary (Class XII)	West Bengal
Focus: General Sciences & Stream Metrics Aggregate Score: 80%	Graduated 2023

CERTIFICATIONS & ACADEMIC TRAINING

- **AWS Certified Cloud Practitioner (CLF-C02):** Amazon Web Services Authorization Credentials (Passed, Verifiable Verification Code, 2026).
- **Programming in Java Certification:** National Programme on Technology Enhanced Learning • IIT Certification (Passed, Core OOP, Multithreading & Frameworks, Jan – Apr 2025).
- **Data Representation & Visualization Course:** Brainware University Value-Added Curriculum (30-Hour Hands-on Data Analysis & Strategic Charting, Jul – Aug 2024).
